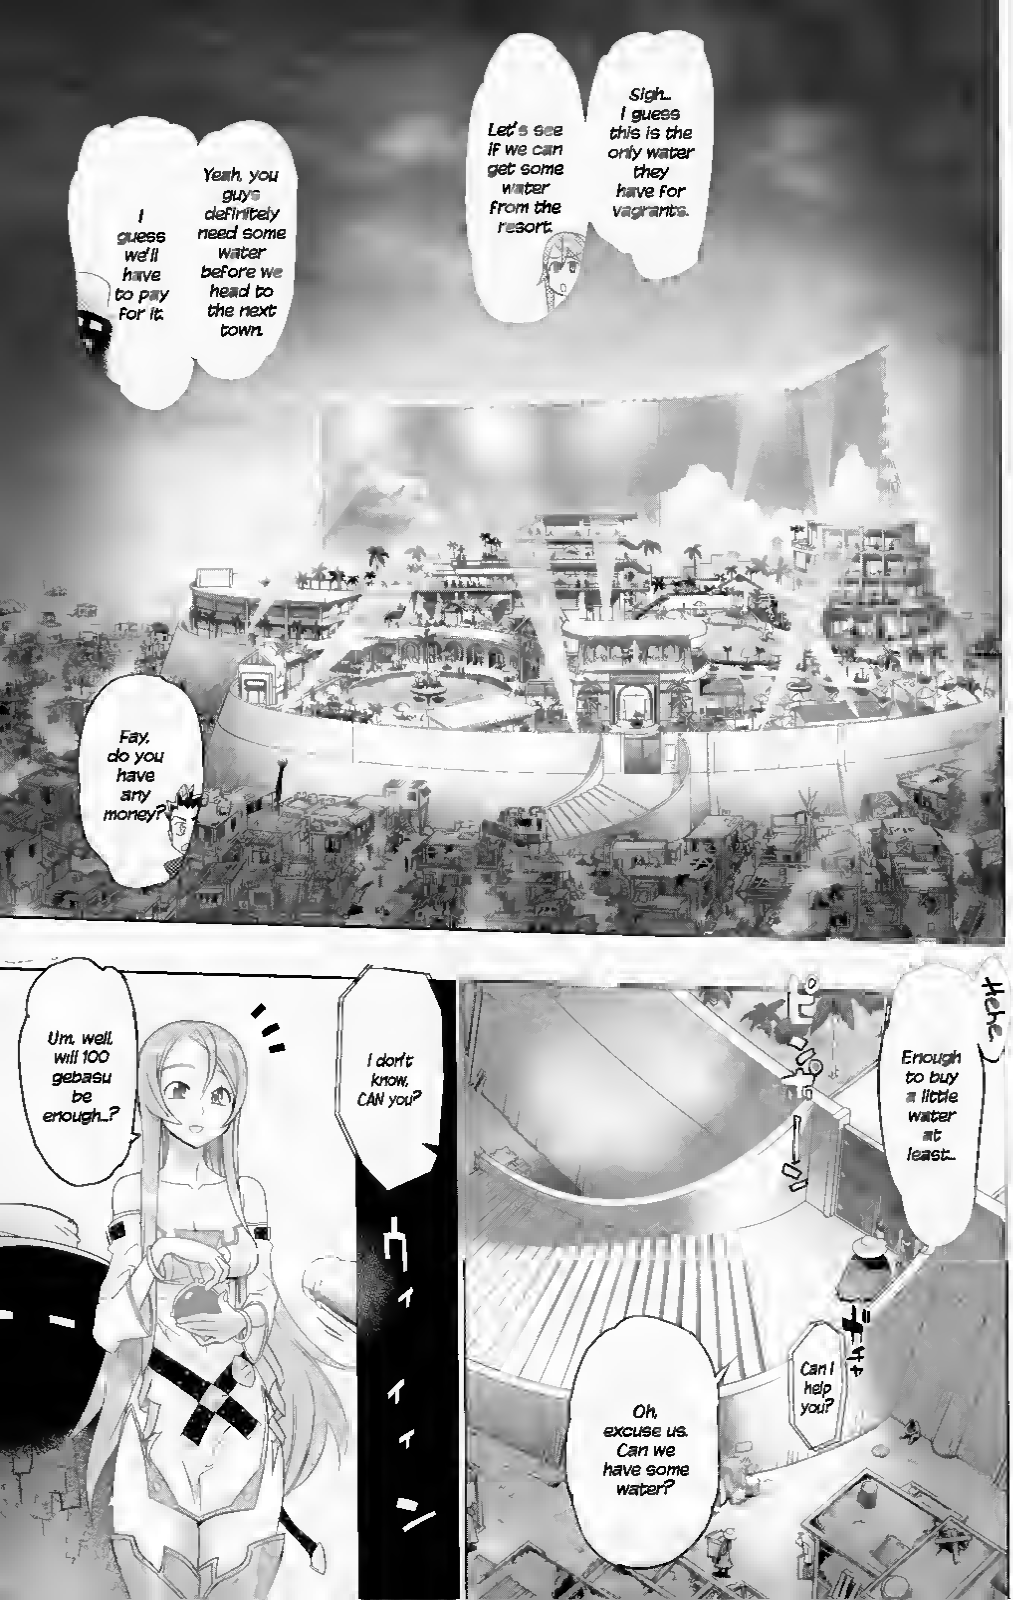
Is It Dirty? Or Is It Clean?

I thought Marquis was supposed to be an oasis...
THIS IS MAKING ME SICK...
FREE WATER
We can't swim in this...
Just shut off your brain and forget how dirty it is!
Let's do some swimming!
I wouldn't. Take a look at these bones.
This water may not cost any money, but it'd probably cost you your life.



I guess we'll have to pay for it.
Yeah, you guys definitely need some water before we head to the next town.
Let's see if we can get some water from the resort.
Sigh... I guess this is the only water they have for vagrants.
Fay, do you have any money?
Um, well, will 100 gebasu be enough...?
I don't know, CAN you?
ウィィィン
Can I help you?
Oh, excuse us. Can we have some water?
Enough to buy a little water at least...
Hehe...

Eek...!
Ho ho ho ho, is that enough for you!?
It's fresh.
Even if I were to take your dirty vagrant money, I wouldn't help you.
If you want some water from Brilliant Springs,
you'll have to bring me, the beautiful Ms. Nurena, something of true value.
You're probably cleaner than you were before that water, though.
...Oh dear, you all look so filthy
Thank you, come again!

...Are we really that dirty?
You are, at least.
HOW DARE SHE ...!
Sorry about that, guys.
What do you mean, mister?
Some time after they built that resort, all our water started getting really dirty.
Only the people in the resort have clean water now.
Things didn't used to be like this.
What is, Shishi?
Hmph. That's odd.
There's an ancient water purification plant underneath Marquis.
Last I heard nobody knew how to control it, so it just gushed out clean water for everyone and was the whole reason this town was supposed to be an oasis.
It's lost technology.
Hmm
?
We should get to the bottom of this... Let's start by testing the water!
Give me a hand, Jiga!
Y-Yeah, sure...

...
Misa, this is for you.
What..? Khamsin, sir.
Don't worry about it. But I want something in exchange.
Why would you...?
Wh-
What is it?
Agent Hound.
Do you wanna do something with my BOOBS?
Ms. Nurena!
Long time no see.
This is quite a leisurely inspection you're conducting.

Hah. I'll get to the inspection in time. Are you taking good care of the facilities?
As you know, it's important to our operations.
Hmhm... Everything's been going swimmingly here, as you've surely seen.
Who? You mean Khamsin? He said he didn't want to get angry so he decided not to come.
He's in some other town right now.
Th...
That's too bad.
B-BUT I WAS WONDERING...
IS THAT MAN HERE WITH YOU?
Ah, wait, does she...?
Boy oh boy, this bracelet I got from Master Khamsin sure is nice.
but it's so darned heavy...
Let me see that!
Wha!?
AH!

AH!
AHH, AHH!
Oh dear -
Well it wasn't my fault
If you hurry you might be able to find it by one of the drainage pipes outside.
It's lucky
Khamsin... I'm so sorry...
I shouldn't have tried to show off like that...
I just ended up losing the bracelet you gave me...
Uck!
This is disgusting...
It's so dirty...

I'd know those titties anywhere!
Misa!
Oh well. I'll have to feel around for it.
I can take a little dirty water if I have to.
Hm?
It's you...!

ACK!
HEH HEH HEH, AND HERE I THOUGHT THIS TOWN WOULD BE A WASTE OF TIME.
LOOKIE WHO WE HAVE HERE.
I hope you two aren't planning on doing anything unsavory to my sister.
WHAT SHOULD WE DO WITH HER FIRST?

TELL ME!
WHERE IS HE!?
...
...
Nothing's working.
She won't talk. It's like her head really is a chicken.
I wish my father had explained this better...
This is your "famed" Nhorian interrogation?
Outta the way, Jiga. I'll see what I can do.
Hey, girl. It's been a while.

O-Obsidian. You're only getting yourself in more trouble.
...
Heh heh heh. Guess what? I don't give a shit.
Why don't you tell me what that long-haired jerk-off's up to?
I got nothin' against you personally, kid, but the LEN's a whole 'nother story.
Hmph... Use any kind of torture you see fit. I won't talk!
I'm a top agent, so I've seen it all!
So... You won't talk no matter what?
Not even if I say I'm gonna shove this up your ass?
That'll never fit!
Nooo! Nooo!
Wahh, wahh!
No, no- thing's going in her butt...
Stop playing around with my sister.

I'm not your sister!
Just get it over with and kill me!
!
I'm Misa Hound, a proud agent of the LEN!
And you, you're a traitor who left everyone behind and disappeared without a trace.
Fay.
You are LEN after all.
You know this means I can't leave you alive. I'll kill you both.
No! Wait, Shishi!
I'm sorry I didn't tell you everything sooner. I'm not LEN.
I left Storm Base and changed my name so I could continue my own research.
They only started calling themselves the LEN after I left.
SHUT UP!
You betrayed me and Khamsin!!
Misa... You don't know what the organization is really like.

I don't care!! The LEN raised me!!
I'LL NEVER FORGIVE YOU FOR WHAT YOU DID!!
...
Stop saying "LEN" so much. It's getting annoying
...There's a water purification device left from the Old World here. I thought this was a town with a lot of free water, so why is it like this?
I think I'll kill them after all
No, don't!
Why did you come here alone? It's not like you to be apart from Khamsin...
Did you get into a fight or something?
I'm on vacation... I mean, I'm here to inspect the facilities.
W-We never fight.
This place belongs to the LEN! But that old bimbo is up to something...

Yeah, that's who I meant!!
MS. NURENA.
I get it now. I thought it was strange when she told us to bring her "something of true value."
_Tell us about her!
...
The water purification device itself is a huge relic.
The LEN placed her in charge of the device, and she supposedly discovered a special code that allows for universal control of the water quality.
The research she's conducted on purifying the water that's been tainted by the violent rains is invaluable to the LEN, plus she says she's collecting relics, so they've let her get away with doing whatever she wants... Still...

SHE HAD SOME NERVE TO
THROW THE BRACE-LET KHAM-SIN GAVE ME...
SPRAY US WITH THAT WATER!
うう……
Ha ha ha!
You're so alike.
Yeah, you're definitely sisters.
あはは
So basic-ally,
if we want water, we just need to get rid of her.
D-Don't! You can't solve everything with violence!
There's no one who can repair the Hydra System if you destroy it!

Sounds like there's a hell of a treasure waiting for us.
Jiga.
...I'll take that as a yes.
H--
How do you know that!?
Are you serious?
Did the Nhonians make the water purification device?
Only idiots don't know that.
Every-thing can be solved with violence.
...He has such eccentric tastes.
Hmph... Why would he give this to a little child like her?
But this thing isn't half bad.

Thank you for retrieving it for me, Hydra.
I can't believe she was stupid enough to go down into the slums in nothing but ■ bikini.
Hehe... I don't think we'll be seeing her again anytime soon.
I'm practically the god of this little place...
All of this water
I doubt even the LEN realizes how well I can control the water quality system.
is mine and mine alone.

My sister ...?
Misa. You're still young, but I can tell that you're going to make a fine woman.
Of course, you're free to decide what you want to do. You don't have to do as I tell you.

They've got good noses.
Looks like someone's been following us.
Huh?
Did I hear you right-?
A dog who has an army of pet dogs. Anubis is a strange one.
which makes sense, considering they're dogs...
!?
I heard everything you said, Khamsin.

Wah –
If you put your hand in the fire, you're gonna get burned –
Kham- sin, sir! I...
I... I'm going to stay with you, Khamsin.
I decided that on my own!
So, uh.

Pardon the interruption, but I have to clarify one thing.
You intend to deliver that khtana to the general, do you not?
Yeah, Anubis, until just now, I did...
But I don't think I want to do that anymore.
Kham-sin!?
Good. That makes this so much easier for me.
Those who rebel against the general must be silenced.
Such a shame that an elite like yourself would throw everything away-

I'm only sorry you couldn't have a more honorable death.
I'd say the same to you, but you're just a dog...
A dog's death is all you deserve.

!
What's going on...!?
!?

That was easy...
Are you going to give me more of a chal-lenge?
ニヤ
ニヤニヤ

What's happening here_!?
Oh, I recognize those guys!
They look like the leader of those bandits!
There's a bunch of him!?
Ack, are you kidding me!?
They followed us all this way!?
Them again_?
They're a persistent bunch.
わーー
わーー
Hmph... It looks like I'll need to reassess your abilities.
You wouldn't even make a good-looking trophy...
That means no part of you will be worth keeping in my memory.

What did you just say to me!?!
I'm gonna make you eat those words --
But not until --
I tear you limb from limb !!
Wuh?

Anubis is a guard cyborg under direct control of the Big Three!!
You can't rush in head first here!
Wh... What just happened!?
What's that?
Big Three?
They're the LEN's three most powerful leaders... Cyborgs made up of lost technology.
GENERAL COUGAR.
SS GHOST.
CRAZY PLUM.
So why's he fighting with Khamsin!?
I've heard Anubis is close to their level of strength.
I don't know... but now we're involved too.

He's not going to let us get away.

The blades that serve as my skin dance too quickly for you to compre-hend.
Their movement cannot be seen by human eyes.
You have just enough time before you die to curse the fact that you were born human.
Death is upon you, worms.

Ah
–

Misa!
D-Don't get the wrong idea!
It-It's not like I particularly wanted to help you or anything -
I was just gonna tell you to watch out...
Will do!
Chicken Head!
I'm fine!
You watch out for Fay...

Hmhmhm. Keep struggling and wriggling.
Damn it...
!?
I can't cut them -
like the worms you are.
THIS IS PISS-ING ME OFF!
I'll crush you one at a time.

WATCH CLOSELY, KIRISHIMA. I'LL SHOW YOU HOW THIS KHTANA'S MEANT TO BE USED.
!
It's nothing but a primitive lump of metal.
It doesn't matter how hard or sharp it may be.

It's useless against me...
...
...

...
...

That's... im... possible...
Dear gods...
Make sure the LEN knows it was me who did this to you.
Is THIS worth keeping in your memory?
I want them all to know...
Ngrh...

that I quit.
What's going on!?
It's exactly what it looks like, Obsidian.
I just want to be myself. The LEN was starting to bore me.
Fay... I want to be like you.
I'm going to try to find the answers I'm looking for out in the wastelands.

How am I supposed to respond to that?
Father...
We're all looking for something.
I couldn't even see Orochimaru's tip.
I didn't even know a katana could be used like that.
...He's amazing.
The world really is a big place.
Am I going to have to kill you too?
Now... As for you, Kirishima. Are you going to try to take your sword back?
What!?
NO. TAKE IT.

That light...
I don't deserve to use Orochi-maru yet.
You can have it. I'll use this for now.
And someday, I'll avenge Spica.
When I do, I'll take back Orochi-maru!
Jiga -

I'LL BEAT YOU ONE DAY!!
But just you wait.
You're powerful... I've never seen anyone like you!
There's nothing Orochimaru can't cut. That's what you said, isn't it...? I'll verify that for you.
Your idiocy seems to be infectious.
Obsidian. You can have your arm and leg back.
I have no use for them.
WHAT!?
Jiga Kirishima.
I don't want to be a prisoner anymore.
The LEN won't let you get away with this.
Khamsin!

What are you going to do with that khtana? Just keep fighting?
Where will that take you...?
...I don't know. I'll find out.
Maybe I'll be a king.
Death is all that awaits the power-hungry.
...
...
...
Kham-sin, sir! I...
I want to stay with you!
!?
But --
I'm weak and clumsy and stupid and worthless... and I'm afraid of what the LEN might do to us.

What!? Kham-sin!
えー!?
You don't need me, but your sister...
She'd be dead within minutes if I wasn't around to keep her safe.
I...
I...
N-N-NO, SIR!
Am I wrong?
I'll stay with you
the rest of my life!
ゴロニャーン
See you around, Misa!

はははは
Khamsin's gonna be the undisputed king of the world one day!
And I'll be his pretty princess!
You're really okay with him just taking it, Jiga?
Yeah.
DON'T YOU FORGET IT!

The storm's stopped. Now it's time to get back to the wife hunt!
Is it...? I think you might have found her already.

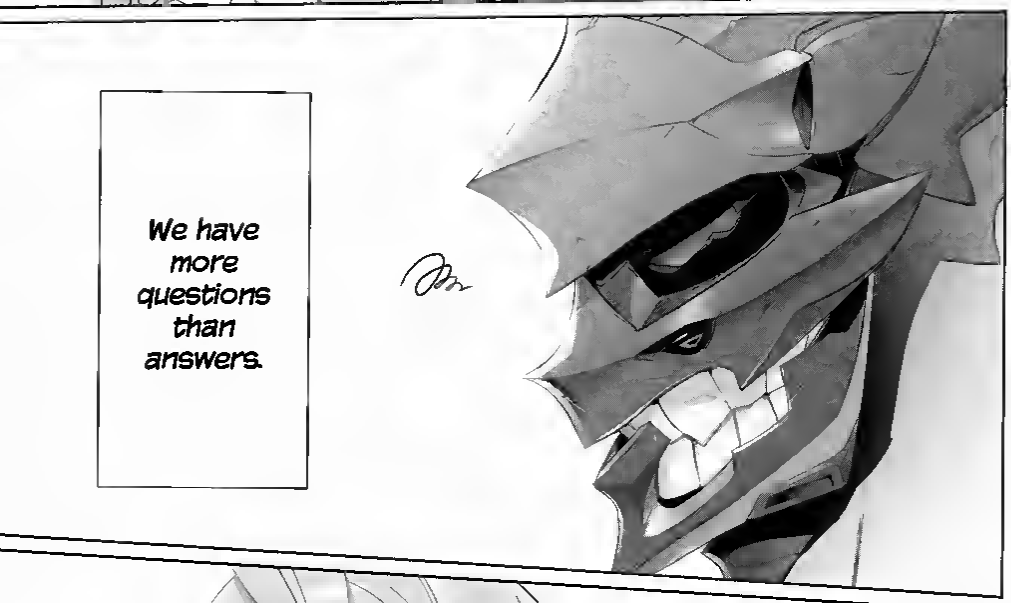
I've been trying to bring it up for a while.
She's probably been right under your nose this whole time.
He he he, and he.
What!? What do you mean, Fay!?!
Of course it's not me. I'm not Nhonian.
Fay, if you say it's you I think I'm gonna punch you!
You're not talking about Mizuma Rena, are you!?
She's too old!
And it's obviously not Rena.
Jiga wouldn't want to marry an exhibitionist
...
...
...
AH-choo!
Don't look at her!
Look mommy a naked weirdo!
Disguise

She's right here.
Hungh ?

...
...
...
I must have lost more blood than I thought.. I thought you just pointed at Shishi.
はははは
Me too.
はは…
I mean the person inside him.
I noticed when I looked at Shishi's body that one time.
Your shell runs on a pseudo-human personality program- and strangely enough, it seemed to be linked to some signs of life inside of you.
HOW COULD ANYONE KNOW MORE ABOUT ME THAN MYSELF !?
If Shishi's not Shishi then who is he?

I'm not sure why, but there's more to your exoskeleton than meets the eye.
I don't know... but from her genetic information, she's female, and judging by her body weight, she's still a little girl.
Your memory was probably erased to protect her, which explains why you don't know about it. Ditto for your tendency to plan things so deliberately.
And the reason you can switch your limbs out so easily is to keep the contents of your torso safe.
Even by Nhonian standards, it's pretty incredible -
HAHAHA... WOW.
Now all we need is to find a safe way to open you up...
I'm sure even the Big Three would be surprised to hear about this.
NO, THERE'S NO CHANCE IN HELL OF THAT! GET A GRIP, JIGA!
S-S-SO WAIT, YOU'RE SAYING THERE'S A CHANCE THAT SHISHI MIGHT BE MY... FUTURE W-W-WI...
...
...
...
Well, for now anyway, he's still the same Shishi.

...And so, our journey continues.



We have more questions than answers.

Still,
The more we know about it, the bigger the world seems to become.

it seems as if people only live for themselves.
Not that it matters, but we're basically stranded out here.
Man, I'm hungry.
All right, then let's head to the next city!
THE END
